

A Gala Evening

SIMPLY REED!

HONORING RED GROOMS

Red Grooms began an enduring relationship with the Hudson River Museum when his sculpture *The Bookstore* was installed permanently at the Museum in 1979. This year *The Bookstore* was restored and reinstalled in its own dedicated gallery. The Museum honors Red Grooms, one of America's most beloved artists, for this timeless contribution. Deeply rooted in American culture, Grooms, born in Nashville, is known for his whimsical sculptural tableaux and paintings. Grooms' work conveys humor and an appreciation of human nature, or, in his words, "a giddy sense of reality."
